### FLAY HIGHWAY MEASURE.

G. P. O. Senators Term It a "Pork Barrel" Bill.

Plans of the Democratic leaders for a vote yesterday on the Bankhead bill, appropriating \$75,000,000 for highway improvement under the authority to maintain postroads, went awry when the Republican side developed a tendency to public economy and resisted any effort to bring the bill to a vote.

The Senate today will have but an hour to give to the highway bill, because the

bill repealing the free sugar provision of the Simmons-Underwood law will come up at 1 o'clock, with an agreement to vote at 5 o'clock.

Senator Lodge and others on the Republican side denounced the measure as a "pork barrel" bill.

## TRIES TO BREAK IN CAPITOL DOOR

Officer Overpowers Man Who Would See Wilson on Sub Issue.

HE IS U. S. MAIL CLERK

Police Also Arrest Ambrose Chappelle and Send Them Both to Hospital for Observation.

Believing that he was bearing an important message to President Wilson, a man who said he was Adam S. Farlow, 44, of Lancaster, Pa., was caught battering down a door on the east front of the Capitol at 7 o'clock last night.

He was overpowered by Policeman T. S. Wilmet, of the Capitol force, before he had gained entrance. Wilmet turned him over to the police of the Sixth precinct, who sent him to the psychopathic ward of Washington Asylum Hospital for observation. Lieut. James Hartley, in charge of police headquarters at night, notified the man's relatives at Lancaster.

The door which Farlow mistook for the private office of the President, the entrance to the document room of the Capitol. At the Sixth precinct he told the police that he also wished to see Secretary of the Treasury McAdoo. Papers found on the man, the police say, show that he was a United States mail clerk, running between Pittsburgh and New York City. He had no weapons on him, and only a small amount of cash. Before being taken to the hospital the man quieted down and seemed bewildered.

Yesterday afternoon the Capitol police arrested Ambrose Chappelle, 45, an Italian, who, they said, was acting strangely in the Capitol grounds. He is said to have told the police that he came here from Mountain View, Cal., to see President Wilson. He also was sent to Washington Asylum Hospital for mental observation.

The chief of police of Mountain View wired the local authorities last night that Chappelle has no relatives there now, they having moved to Glen Mary, Henry County, Ky. The police say Chappelle was staying at 208 G street northwest while in Washington. He is a barber by trade.

### Quaker Oats Co. Wins Against U. S.

Chicago, April 21.—After hearing two days of argument, the United States Circuit Court of Appeals today decided that the government has no case against the Quaker Oats Company, against which it had brought action under the Sherman anti-trust law.

## JAPAN OBJECTS TO BILL LIMITING IMMIGRATION

Chinda Tells Wilson Empire Also Is Angry Because They Are Classed with Hindoos.

Viscount Chinda, the Japanese Ambassador, conferred with President Wilson at the White House yesterday over a matter which the Japanese government regards as concerning its dignity and national honor.

The Ambassador pointed out that the pending immigration bill contained a disquieting reference to the Japanese by classing them with Hindoos, and also a provision to enact into law the so-called "gentlemen's agreement" between Japan and the United States whereby Japan restricted the immigration of Japanese laborers into the United States. President Wilson told the Ambassador he would do all in his power to have any objectionable features removed from the bill.

Pacific Coast members of Congress expressed themselves against ceding to his request. Representative Baker, of California, a member of the House Immigration Committee and author of a Japanese exclusion bill, expressed the hope that the Ambassador's request would be disregarded.

### NAVY WORK RUSHED AHEAD.

Daniels Prepares for Possible Break with Germany.

Coincident with the uncertain international situation—though officially described as having no connection with it—elaborate and far-reaching plans to bring the American navy up to its maximum point of efficiency within a few weeks.

Rush work, including employment of extra labor, has been ordered by the Navy Department at the navy yards and Assistant Secretary of the Navy Roosevelt has made a special trip to New York to speed matters up there. Secretary of the Navy Daniels admitted yesterday that work was being rushed at the Boston navy yard in an unprecedented manner. He explained the general unpreceded program of rush work by saying that he had outlined a schedule for the fleet which was to begin on May 15 and that the navy was generally preparing for this program.

### SENATOR'S AUTO SMASHED.

Sutherland's Car Collides with Truck on Slippery Street.

While returning home from the Capitol about 5:45 o'clock last evening, Senator George Sutherland, of Utah, narrowly escaped injury when his automobile collided with a truck of the Union Garage Company at Sixth street and Massachusetts avenue northwest. The accident happened during the downpour of rain, and probably was caused by the slippery streets.

The truck was being driven by Carl Delmore, of the Augusta apartments, New Jersey and New York avenues northwest. The Senator's car was being driven by John Reese. The truck was not damaged. Senator Sutherland's car was damaged to the extent of \$40.

## Telephone Numbers

Don't rely on your memory for telephone numbers. Look in the telephone directory. That's what it is for.

When you call the wrong number and get what you call for, don't say: "The operator gave me the wrong number." Say: "I called your number by mistake."

Don't, in any case, blame the party who has been called in error. He has merely answered the summons to the telephone.
